SECTION ONE

Things we build.

Designed, written, and shipped end-to-end. SEO-ready, deployment included, no inherited mess.

i. Websites

Custom Website Design	\$2,500 +
5–10 page marketing site. Brand, copy, deployment.	
Landing Page Build	\$750 +
Single-page funnel for a campaign or product launch.	
E-Commerce / Booking Site	\$5,000 +
Stripe, Shopify, or custom checkout. Order tracking included.	
UI / UX Design	\$3,000 +
Standalone design work, prototyping, or a design system.	

ii. Custom Software

Internal tools, dashboards, full applications. Built for what off-the-shelf software won't do.

Custom Software Development	\$5,000 +
Web apps, internal tools, customer portals, dashboards.	
Mobile App Development	\$8,000 +
iOS & Android, single codebase. App Store submission included.	
API & System Integration	\$1,500 +
QuickBooks, Stripe, Twilio, Salesforce, and the rest.	
Cloud & DevOps	\$3,000/mo +
Hosting, CI/CD, monitoring, scaling. Set up once, runs forever.	

SECTION TWO

Things we build with our hands.

Custom rigs, business networks, hardware repair, and clean data migrations.
Same standard as the software side — built to last and documented.

iii. Custom PCs & Workstations

Built to spec. Parts at cost — you see every line item. Burn-in tested before delivery.

Custom PC Build \$750 +

Gaming, content creation, or business. Labor only; parts at cost.

Workstation / Server Build \$2,500 +

Multi-GPU, AI training, video, or simulation rigs. Rack or tower.

Hardware Repair / Upgrade \$150 +

RAM, SSD, GPU, cooling, full diagnostics & restore.

iv. Networking & IT

Wi-Fi that doesn't drop. Networks that scale. Data that gets where it needs to go.

Network Setup \$750 +

Wi-Fi, wired drops, business-grade routers, switches, mesh.

Network Audit & Optimization \$350 +

Speed, security, and coverage review. Documented fixes.

Data Transfer & Migration \$250 +

Old PC to new, server moves, cloud migration, RAID recovery.

On-Site IT Support \$125/hr

Hourly support, diagnostics, and emergency response.

SECTION THREE

Things that help you grow.

AI that works in the background. Marketing that compounds. Reviews that build moats.

v. AI & Automation

Custom-trained models, automation, and workflows that run while you sleep.

AI Integration

Add Claude, GPT, or our own models to your product or workflow.

\$2,500 +

Workflow Automation

Replace manual data entry, follow-ups, and reporting with code.

\$1,500 +

Custom-Trained AI Model

Fine-tuned for your industry on your data. Owned by you.

\$10,000 +

vi. Marketing

Local SEO, content, ads, and review systems — built to compound, not to bill hours.

Local SEO Setup

GMB, schema, town pages, technical SEO, sitemap.

\$2,500 +

SEO & Content Retainer

Monthly content production, link building, monitoring.

\$250/mo +

Review & Reputation Engine

Automated review requests via SMS & email.

\$500 +

Personal Brand / Social

Strategy, scripts, posting workflow for Reels & TikTok.

\$750 +

SECTION FOUR

Things that keep you running.

Coverage when you can't be on the phone. Engineering when you need a partner, not another vendor.

vii. Phone Receptionists

Industry-trained, US-based. Coverage for the calls you can't answer.

After Hours Receptionist

Nights, weekends, holidays. Triage, scheduling, escalation.

..... \$1,000 + \$150/mo

Full-Time Receptionist

24/7 coverage. Trained on your intake, billing, and policies.

..... \$4,000 + \$400/mo

viii. Consulting & Retainers

Technical Consulting

Architecture review, build-vs-buy calls, vendor selection.

..... \$200/hr

Strata Care

Ongoing maintenance, hosting, small updates & fixes.

..... \$500/mo +

Full-Stack Partner

Embedded engineering & design retainer. Priority queue.

..... \$2,500/mo +

All prices in USD. One-time builds quoted in scope; retainers month-to-month, cancel any time.

READY TO START

Let's build something.
